

Secure · Enhance · Protect

Hot Stamp Holographic Solutions for Retail & Gift Transaction Cards

OpSec's comprehensive security solutions ensure your brand stays front and center.

With more options to choose from, OpSec solutions allow your card and your brand to jump right out of a consumer's wallet. Our complete package of brand-enhancing holographic images deliver choices and multiple ways to reinforce your brand—ones that increase the likelihood of your card being used.

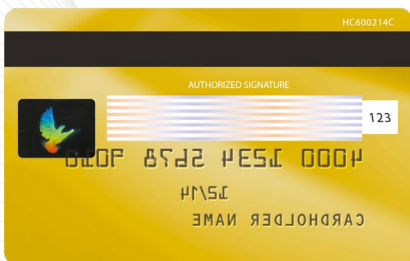

HoloCard™

Full-face holographic images to boldly place your brand across the entire front face of the card. Now you can have multiple security features across the front of a card, without minimizing the brand message.

HoloMag™

Holographic brand and security enhancements, right on the magnetic strip.

HotStamp Holograms

OpSec's design studio can help you transform your brand logo into a holographic image that will resonate with customers. Enhance the design and security for your retail credit and gift card customers by incorporating a hot stamp hologram onto the front or back of the card.
